**C. Criteria for Substantial Deviation and Significant Amendments**

**1. Amendment and Deviation Definitions**

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

**A. Substantial Deviation from the 5-year Plan:**

“Substantial Deviation” means major changes in the fundamental goals of a program or activity after reasonable consideration of the ability to achieve the desired impact based upon a determination of the PHA.

Example: Accelerating the implementation of or changing the order/priority of activities or work items does not constitute “Substantial Deviation” since the original activity was included in the Five Year Plan. Adding new goals would constitute “Substantial Deviation”.

**B. Significant Amendment or Modification to the Annual Plan:**

Significant Amendment or Modification means:

- Changes to the Admissions and Continued Occupancy Policy or Administrative Plan not mandated by federal regulations, monitoring reviews, or necessary to ensure compliance with federal performance requirements
- Additions of non-emergency work items not included in the current Annual Statement and/or 5-Year Action Plan, or changes in the annual allocation per additional work item, and excluding changes necessary to meet mandatory obligations/expenditure milestones.
- Revisions to demolition, disposition, designation, home ownership programs or conversion activities that affects 20 or more of the total number of units covered by the program activity, exclusive of changes required to administer the program or meet budget and/or funding constraints.
- None of the above is meant to waive any federal requirement for obtaining resident or community input in the planning processes or to relieve the PHA from providing opportunity for involvement by persons, groups or entities whose interests would be adversely impacted by the stated amendment or modification.

**RAB Recommendations:**

- Parking at Site A is limited & deteriorating. This is a source of concern to the residents. What can be done to resolve this matter?
- The contracted lawn care service is not adequate and overall grounds appearance needs improved. What can we do to improve the grounds maintenance and grooming on the lawns.
- Laundry services are over crowded and residents have to wait in lines for long periods of time to use facilities, also resident helpers only have so much time each day to get their job done. What can be done to solve this issue?
- The lighting in the parking lot at Site A is not adequate. Some feel this is an issue, what can be done?

**PHA Response:**

- The PHA is currently getting bids on parking lot expansion and plans to make the improvement in 2001. Parking lot resurfacing is included in the CF 5-Year Plan for improvement in 2002.
- The PHA is planning to bring the grounds maintenance in house to improve quality and responsiveness to ground improvement. Significant improvement to grounds and equipment are included in the CF 5-Year Plan including: lawn equipment in 2001, landscaping in 2002, and park benches & trash containers in 2004.
- The PHA would like to quickly respond to this basic need through expansion of the current laundry facilities. Adjoining rooms would be ideal for expansion. This has been included in the CF 2001 5-year plan.
- The PHA has included this project into the CF 5-year plan.

## **Statement of Progress in Meeting Goals & Mission:**

Mission: To promote adequate & affordable housing, economic opportunities and suitable living environment free from discrimination.

### **Strategic Goals:**

#### **1. Reduce public housing vacancies:**

Public housing vacancies continue to be relatively low, averaging 5% on an annual basis. Waiting list is long on the elderly units. Family unit waiting list is short and maintaining high occupancy is more problematic.

#### **2. Acquire or build units or developments**

The PHA has a very long waiting list for its elderly population within the city of Kirksville. The PHA is currently working on a needs assessment and long term plans for meeting this need. Developing partnerships with other agencies within the community exploring the possibility of some joint venture.

#### **3. Increase customer satisfaction**

The PHA has been aggressive in pursuing resident input, identifying concerns and placing these into action plans. The formation of the RAB, resident councils at each site and formation of sub-committees focusing on specific issues such as beautification, safety, and building sense of community has been established. While still in its infancy, the mechanism of dialogue and planning are in place and developing. Improving the relationship w/resident has been immediate but implementation of plans is a process taking time to prioritize and find available resources to meet these needs. The PHA is working towards a partnership mentality with administration, staff, and residents each taking an active roll in order to be successful.

#### **4. Conduct outreach efforts to potential voucher landlords**

10% completed. We have developed a questioner for land lords in our area. We will base our program upon the response of this survey.

#### **5. Increase voucher payment standards**

The PHA has completed increasing the voucher payment standards allowably by HUD. The PHA would like to explore additional increases with HUD approval with a 12/31/01-completion time line.

6. Designate developments or building for particular resident groups  
The PHA currently has 8 designated adapted units at site A. The PHA will contact local FO for clarification on options currently available to the PHA based on the original PHA 5-Year Plan. Target time 05/1/01
7. Increase the number and percent of employed persons in assisted families  
Currently in the beginning of the process and building systems to monitor change.
8. Provide or attract supportive services to improve assistance recipients' employability  
Currently in the beginning of the process and building systems to monitor progress.
